

NCS ConNovate 2025 Poster Paper Submission Format

Title: A concise and descriptive title.

Authors' Names and Affiliations, including email addresses

Abstract (100 – 150 words)

A brief summary of your study, including the problem, methodology, key findings, and implications.

Introduction

Clearly state the goal of the study, the research problem, and its significance. What do you aim to learn? Why is this important?

Related Works

Provide a brief literature review. What existing knowledge or prior research does your work build on? Highlight gaps your study addresses.

Methodology

Describe the design, architecture, or conceptual framework. Mention the sample, tools/instruments used, data collection, and analysis techniques.

Discussions and Results

Summarize key findings. How do they compare with existing research? Provide interpretations with supporting evidence.

Conclusion and Future Work

Summarize the study's implications, contributions, and possible future directions.

References

List of most relevant references as cited in the paper

Figures and Tables: Ensure they are clearly labeled and properly referenced in the text.

Contact Information: For any inquiries, please contact the Poster management team on poster@ncs.org.ng

Draft posters will be requested after the acceptance of poster paper. All submissions are peer-reviewed by a panel of experts.
